

Los Angeles Herald.

THE DAILY AND WEEKLY HERALD has more than double the circulation of any other paper published in Southern California. Business men recognize it accordingly as the best advertising medium South of San Francisco.

FRIDAY, JUNE 16, 1876.

NEWS OF THE MORNING.

At West Point yesterday forty-eight of a class of fifty graduated.

A London dispatch says that in the House of Commons Sir Wilfrid Lawson's permissive liquor bill was repealed by a vote of 299 to 81. A similar bill presented by Lawson last year was defeated by 271 to 86.

General Grant has written a letter to the editor of a Philadelphia Sunday School paper in which he advises the children to hold fast to the bible as the sheet anchor of liberty.

A San Francisco grain operator estimates that California's surplus of wheat this year will reach three-quarters of a million tons—exceeding the crop of 1872 about two hundred tons.

A Yekka dispatch dated yesterday says the California and Oregon State Company will commence on the fast running line tomorrow, making the trip to Reading in 2 1/2 hours, and from Reading to Roseburg in 52 hours.

Conlin, who killed Miles in San Francisco a day or two ago, has been held for murder.

Two more cases of small-pox were reported in San Francisco yesterday.

The prevalence of unusually hot weather in San Francisco during the past few days has materially increased the death rate.

The Tribune's Washington dispatch says Matt Carpenter yesterday presented to the impeachment managers a list of 107 witnesses whom Bolnap desires to have summoned for his defense.

The New York Herald still advocates Conkling, maintaining that he can carry New York and Pennsylvania, while Blaine cannot.

LETTER FROM PHILADELPHIA.

Hotels—Rings Everywhere—Disappointment—Partial Failures.

[No 2.]

PHILADELPHIA, June 16, 1876.

EDITOR HERALD.—The entrance to the main building of the Exposition must be nearly four miles from the center of the city. For visitors whose time is limited, it is a great convenience to put up at the hotels near the grounds. The Globe and Transcontinental are immediately in front of the main entrance. The accommodations are first class and attentions perfect. The waiters are the freedmen of Maryland as a rule, and ever ready at beck or nod.

ALL THIS PORTION OF THE TOWN IS NEW.

Built for the occasion on rented ground, belonging to the rings. There is nothing in this goodly city of brotherly love (God bless the mark) but rings, from the gospel down to stuffing the ballot-box. The Exposition rings are beginning to be alarmed, and it is quite evident that the matter will not pan out as they expected. They are down on all local celebrations, and it is even suspected that General Grant was induced to hold back his proclamation of the act of Congress requesting county celebrations and historic reviews of the same until the last hour.

THE CAMERONS, SENIOR AND JUNIOR, are great boys, and will do anything from importing repeating voters from adjoining States to purchasing a Common Council or State Legislature. Their word is law with poor Ulysses. The Philadelphia ring has the cream of selection in the spaces. Their creatures have every position in and outside of the grounds. They still rely for appropriations. They want \$50,000 now for their special guests. There will be a terrible accounting when the thing winds up. And as regards the daily attendance, it falls fearfully short of what the Philadelphia papers would have you believe. In this NEW GINGER-BREAD ADDITION, West of the Schuylkill, the improvements, in a great many instances, are already for sale—coming events cast shadow before them, and the far-seeing ones are trying to hedge.

THE UNITED STATES Government has emptied its Washington Museum and Patent Office to fill its department here—the collections of three-fourths of a century and at the cost of many millions, by what authority I know not. It is like Grant opening his office at Long Branch with Tom Murphy. The show the Government makes with its cigarship and a few pieces of ordnance renders the whole affair contemptible in the eyes of sensible men, and particularly to foreigners who know where these things should be found. It is a wonder that the Smithsonian Institute has not moved up on wheels here, and the Treasury Department on patent rollers, together with the plates that were so long absent doing the dirty work of increasing the public debt beyond the comprehension or estimate of any man now living.

LOS ANGELES.

The San Bernardino Times says: Yesterday afternoon, while Mathews' mill was in the midst of a tremendous rush of work, the water all at once ceased coming down the flume, the wheel stopped revolving and the machinery came to a standstill. Thereupon Mr. Mathews started up the creek to trace out the cause, and to his astonishment found a mammoth squaw depositing herself in the flume, completely damming up the water. What passed between Uncle Ben and the aborigine our deponent saith not, but as the mill is running again we suppose he persuaded the sportive damsel to evacuate the flume, and find some more commodious bathing place.

The Yuma Sentinel, of the 10th says: "Bold Robbery." We are informed that on last Sunday night, some men entered the house of Hall Hanlon, at his Ferry, six miles below Yuma, and using chloroform upon Mr. Hanlon, who was asleep in bed, proceeded to rifle the house. They took a lot of jewelry, gold dust, money, and many other articles, even taking Mr. Hanlon's pants from a chair at his bedside and taking the money from the pockets. The robbers then took Mr. Hanlon's boat, crossed the river and fled for parts unknown. It might be well for our citizens to keep their shotguns loaded and ready for such fellows, and look out for chloroform.

The Yuma Sentinel says: "Last Tuesday, two Yuma Indians attempted to commit a robbery at the store of Mr. Lorette, on Maiden Lane. When being resisted, one of them drew a large knife, and Mr. Lorette in self-defense, shot them both with a revolver. They then fled wounded—one of them very badly, and probably did not get far."

Bad Faith.

A few days since the HERALD published a letter from a gentleman at Santa Monica in which very serious charges were preferred against the parties managing the land and other matters of the village by the sea. It will be remembered that when the auction sale of lots took place Mr. Tom Fitch, for the company, announced that purchasers of lots could rest assured that water in abundance would be supplied to all. They were told that the company would at an early day lay pipes through every street in the "city," and that no one

would encounter the least trouble and but little expense in introducing water into their houses. How these promises have been redeemed is indicated in our correspondent's letter, who, by the way, but repeats what a score or more have asserted and will vouch for. One year has gone by since so much was promised, but nothing has been performed. The water has been introduced in the workshop, the hotel and Col. Crawford's residence, and no where else that we have heard. People who expected to have water in their house pipes are compelled to purchase it of the company at twenty-five cents per barrel. This bad faith on the part of the Santa Monica Land Company has worked serious if not fatal injury to the little town. People who, through false promises and the grossest misrepresentation, were induced to purchase lots and build houses on them are so disgusted that they are anxious to sell out at a sacrifice and leave. Lots are not worth more than half what they were one year ago, and improvement has in a great measure ceased. All this has resulted from the failure of the company to keep its promises.

PACIFIC COAST.

For Los Angeles.

KEENS, June 15th.—The Telegraph Stage on the way with the following passengers for Los Angeles:—Miss Canada, A. S. Van Clave, A. Reeder, S. F. Chapin, Jno. Wason, and R. A. Noland.

San Francisco News.

SAN FRANCISCO, June 15th.—Silver coin 4 to 5, trade dollars 7 to 8 per cent. discount.

New wheat ranges from \$1.65 to \$1.75.

Four more cases of small-pox are reported this afternoon, making 18 so far this week.

A woman was admitted to the Alms-house yesterday, with three children, who has been badly burned on the neck and breast and arms by the explosion of camphene. She was suffering too much with pain from her burns to be asked any questions. Today her condition is somewhat improved.

James Welsh was tried in the Police Court to-day for stealing several loaves of bread. Although clear that the accused committed the theft, the fact that no money was found on the prisoner, and that he looked half starved, was deemed sufficient to justify the dismissal of the case.

Impurity seems to be on the increase in this city. The Commissioners of Lunacy have already examined thirty persons this month, twenty-two of whom were committed to the Napa Insane Asylum.

John Connolly, keeper of a saloon on Clark street, last night struck his wife with a heavy pitcher, inflicting an ugly wound on the forehead. Despite the fact that the woman swore that her husband did not strike her, the accused was convicted to-day on his own confession.

The particulars of the shooting scrape this morning are as follows: An attempt to kill a woman named Lottie Livingstone, employed in the Dive kept by John Harrington, on the corner of Third and Mission streets, was made by Johnny Tuers, a minstrel performer in the city. The woman was crossing the street after the performance was over, and, according to her story, she had had some trouble earlier in the evening with the paragon of Tuers, who is also employed in the same Dive. Just as she crossed the street, Tuers seized her by the throat. She made some resistance, when, she alleges, Harrington, who was with Tuers, struck her with a club over the right eye, badly disfiguring and blackening it. The woman screamed loudly, whereupon Tuers drew a pistol and shot twice at her. One of the bullets struck her behind the right ear, just grazing the skin. So close was the pistol held that the powder burned the flesh. After the shooting Tuers made his escape, but was arrested later. A charge of assault with murder was made against him, and he is held at \$10,000 this morning, which he has been unable to procure. Lottie Livingstone, the woman whom he attempted to murder, is a delicate, dissipated looking woman, and her story of the primary cause of the attempted assassination is that about a week ago Happy Jack offered a prize of a gold cork-screw to the female who would sell the most drinks in a month. There was a good deal of rivalry between the women, and not a few rows over the prize. Last night the woman Livingstone and the paragon of Tuers had trouble about the sale of wine to some patrons of the establishment who occupied a box, and a quarrel ensued, which finally led Tuers and Harrington to assault her. Tuers is a well known character, and some years ago shot and killed James Delaney in front of the Snug saloon, on Washington street, while quarreling with a third party about a melodeon woman. Tuers shot at his antagonist and missed him, but the bullet found a lodgment in the body of Downing, who was a spectator of the scene. Tuers was tried twice and was finally acquitted.

EASTERN NEWS.

Skirmishing Before the Battle.

CINCINNATI, June 15th.—During the session of the Committee on Resolutions last evening, several plans on question of order were in the South were presented. W. F. Sanders, of Montana, appeared in behalf of upper agent of officers of that Territory and for citizens of the same. Judge McKee, of Utah, offered an anti-polygamy plank; Hon. Charles Reed, of Texas, introduced a plank, Jones, of Nevada, introduced an anti-Chinese immigration plank. The subcommittee, to which these resolutions were referred, has been in session all night.

The Enquirer says there is prospect of Ben Wade's name being proposed for the second place, and predicts Blaine's nomination as certain.

The Gazette says that Judge Hoar, of Massachusetts, came here for Blaine, but has turned to Bristow. It makes a strong appeal for Bristow, as being a most fitting man for President; says there is a great deal of quiet feeling manifested for Washburne, and it is thought by many in case of Blaine failing on second or third ballot, he will be brought prominently forward, and that it will fall either to him or Hayes, of Ohio. Great pressure is being brought to bear on some of the Western delegations to influence them against Blaine, but so far without success. Blaine's friends are most thoroughly organized.

The Beginning of the Battle.

CINCINNATI, June 15th.—The Convention proceeded at 3 p. m. to place candidates in nomination.

Kellogg nominates Jewell; Dick Thompson nominates Morton amid loud applause; Harlan of Kentucky nominated Bristow amid loud applause from the galleries; Pinchback of Louisiana seconded the nomination of Morton. [Loud applause.] Ballotting will probably not be reached to-day.

The Committee on Rules and Order of Business reported in favor of receiving and acting on reports of the Committee on Platform, before proceeding to the nomination of President and Vice-President; also restricting members to two speeches of ten minutes each on any one subject.

Eugene Hale of Maine moved to strike out that portion of the rule providing for the postponement of the nominations until after the platform had been acted upon. Mr. Hale in a

brief speech maintains that this course was unprecedented, and would only cause delay with no advantage to any one.

Gen. Noyes, of Ohio opposed the motion.

Mr. Hutchins, of New York opposed the motion. He thought if ever a time in the history of parties required deliberation now was that time. It was absurd to put a man on horseback before getting the horse.

Mr. Cessna followed in the same strain.

Pending the discussion Mr. Hale withdrew his motion and the original report was adopted.

Poland seconds Bristow, the nomination is received rather tamely. Geo. Curtis seconds Bristow. Richard H. Dana, Massachusetts, seconds Bristow. [Loud applause.] says no other man but Bristow can carry Massachusetts.

[Hisses and applause.]

Blaine (great applause). A colored delegate seconds Blaine. Gov. Woods nominates Conkling (warmly applauded). Woodford made a speech, which was listened to by the Convention, and he was wildly applauded in his appeal for the Convention to support Conkling. Ben Wade and Davis of West Virginia followed for Hayes. A heavy rain has set in. Can hardly hear a word for the noise. Convention adjourned till tomorrow at ten A. M. without having taken a ballot.

CINCINNATI, June 15th.—The action of the convention to-day is the universal topic of conversation to-night. The general impression seems to be that Blaine has carried every point so far, and that his nomination is almost a certainty on the second or third ballot. The vote on the Alabama contested seat is regarded as a test, and the unsuiting of the Spencer delegation by such an overwhelming majority is claimed by Mr. Blaine's friends to indicate his nomination beyond a doubt. They say that more votes could have been obtained if it had been necessary, but that they did not desire to bring the mass of their forces to bear on the skirmish line. The vote of Pennsylvania, solid for the Spencer delegation, is much criticized, as it is well known that quite a number of the delegates are enthusiastic Blaine men, and it is claimed that when the time comes Blaine will receive a majority of that delegation, while both the Conkling and Bristow factions claim that it was an indication that the Blaine ranks were beginning to break. The friends of all the candidates continue to express high hopes of the success of their respective favorites, and all are working hard to win the victory. There is comparative quiet to-night; figuring and heaving to some extent with subdued enthusiasm. About various headquarters there are crowds of delegates and supporters, busy in the exchange of candidates and comparing notes on the situation. Conkling's friends claim the confidence of ultimate success, but are very reticent as to the manner of achieving the victory. Morton's adherents express equal confidence, but insist that they will win by a quiet, steady, and persistent campaign, and that they will not be maneuvered for delay. They seem to think that time will weaken Blaine.

To-night there are rumors of various combinations, but none of them are reliable. An arrangement by which Ohio is to give her vote to Blaine, and that he will give it to Conkling, is being circulated, but it is not believed. It is said that Blaine will have the second place on the ticket. In case Blaine is not nominated on the third ballot, his strength is to go to Hayes for the first place. The other is that Bristow and Blaine have arranged to combine their forces and effect the nomination of Blaine for President and Bristow Vice-President. These are a specimen of the rumors and are given for what they are worth. The question of the Vice-Presidency seems to be exciting more interest to-night than any time before. Among the candidates mentioned for the place are Hayes, Woodford and Morgan and Wheeler of New York, Logan of Illinois, Bristow of Ky., Culmbach of Ind., Hartranft of Penn., Harlan of Ky., and many others. It seems to be the impression that no nomination will be reached before the third ballot, and possibly the whole day will be moved to calling the roll of States.

MIDNIGHT.—From the indications it is almost certain to say that Blaine will be nominated on the second or third ballot. His friends say he will have 301 votes on the first ballot, and a majority on the second. It is said the Conkling leaders consider his case hopeless. They are trying to throw New York for Hayes, but they cannot count on the delegation; that it will split. Hayes is said to be in a bad way, and Wheeler, that the latter two will be named to-morrow. The Bristow men claim that they will get 30 votes from New York if Conkling is dropped. The Hayes men claim that he will get a majority of the New York votes. It is said that Louisiana, if Morton is dropped, will cast her entire vote for Blaine. It is claimed that if Blaine is not nominated at the second or third ballot that Hayes is destined to receive the nomination. It is said that in case Blaine exhibits strength enough on the first ballot to indicate his nomination that Hayes' friends will accept the second place for him. Bristow's friends say that he will not accept the second place, in any event. Posters referring to charges under investigation against Blaine, have been widely circulated to-night. It is charged by Blaine men that the posters come from the Commercial office, and were gotten up by friends of Bristow. Carl Schurz was an interested looker-on to-day, but has not been working publicly in the interest of any candidate.

LOCAL BREVITIES.

The Senator is due to-morrow.

The thermometer registered ninety degrees yesterday.

The Los Angeles Guard will give a ball on the evening of July 4th.

The steamer San Luis is due to-day.

The City Court was barren of items yesterday.

The steamer Ancon sails for San Francisco to-morrow.

There was a terrible sand storm at Seven Palms Wednesday night.

Mr. H. Newmark rejoices over the birth of a son.

The 38's have a special meeting to-night. A full attendance is requested.

The Asbestine Stone Company effected a sale of four thousand feet of sewer pipe to Mr. Sam Hellman yesterday.

Some sealawag opened the door of Mr. Ayer's bird cage yesterday morning and stole his fine mocking bird, or allowed it to escape. A reward of ten dollars is offered for its recovery.

Mr. John Curtis and Miss Maggie Caulfield are the latest reported happy couple whose two hearts beat as one. Rev. Father Verduguer performed the ceremony Tuesday evening.

Officer McFadden captured the recalcitrant Mrs. Treat and brought her into town as a witness in the watch stealing case. An examination was waived by the defense, and the case will go direct to the Grand Jury.

An alarm of fire about half-past 8 o'clock last evening brought out both fire companies in full force. After going to the Southern junction of Main and Spring streets they discovered that the blaze was far beyond the city limits and gave up the chase.

Go to the performance for the benefit of the Centennial fund at Wood's Opera House this evening. An excellent performance is promised, and Manager Wood informs us that everything will be conducted with the utmost decorum and propriety. Many ladies will doubtless grace the balconies and dress circle.

Mr. C. H. Sweetman exhibited yesterday in our sanctum two silver bricks, reduced from eight pounds of ore brought from the Surprise mine, Arizona, and to which we referred a few days ago. The bullion was worth \$10. Considering the fact that it was reduced by a very crude process and netted \$1.75 to the pound of rock, we think the showing something handsome.

We are in receipt of a complimentary invitation to attend the grand Centennial ball to be given at the Tipton House, El Monte, on the evening of July 18th. From the list of names which appear as the several committees we judge that the affair will be first-class in every respect, and well worthy a visit by our citizens. Our best wishes are with our El Monte friends, and we bespeak all the enjoyment possible.

The house of Littlefield, Webb & Co grain, produce and honey commission merchants of San Francisco, is one of the longest established and most reliable on the Pacific coast. They have been known to business circles for nearly 20 years and their patronage extends far and wide throughout the State. We invite the attention of our farmers, fruit growers and beekeepers to their advertisements, which appears in the Weekly Herald.

The San Bernardino Times of the 14th inst. says: Last evening for the first time in the history of this city a number of our stores and residences were lit with gas. The new order of things attracted a good deal of attention, the noble red men of the forest being in a number of instances citizens and interested spectators. The gas burned well and emitted a brilliant and satisfactory light. Mr. Nuttall has succeeded admirably in his work as Superintendent, and has been aided secondly by the President of the company, Lewis Jacobs, Esq., and the Secretary, Mr. H. L. Drew.

The appointment of Mr. John Osborne as regular baggage transfer agent for the Southern Pacific Railroad will meet the approbation of the traveling public generally, to whom the new arrangement will prove a great convenience. Mr. Osborne will have a man aboard of each train to check baggage in a systematic way to any hotel or residence in the city. This plan is now pursued by every road of consequence throughout the land, and is found to obviate all the confusion and mistakes attendant upon a crowd about the baggage master. Mr. Osborne is an experienced man of long experience in our city, his integrity and prompt business qualifications are generally recognized, and he is just the man for the position.

Santa Monica Lodge, No. 245, I. O. O. F., has been organized, and the officers were installed Tuesday night, the following gentlemen from Los Angeles officiating: Horace Burdick, D. G. M.; J. R. Summers, D. G. M.; C. C. Lips, G. Sec'y; S. Benjamin, G. M. The following are the names of the officers installed, who are also the charter members: John B. Wilson, N. G.; W. A. Blaisdell, V. G.; James S. Wilson, Secretary; J. M. Rogers, Treasurer; D. S. Cummins, P. G.; J. L. Shackles, L. L.; N. L. Con, E. S. After the Lodge adjourned they repaired to the Santa Monica Hotel, where they partook of an elegant lunch, prepared in the usual handsome style of Messrs. Chapman & Hough.

The following item on crops is from the San Diego Union: Harvesting in Cajon Valley is fairly under way. Knox has his crop half harvested, and work has just begun on Lankershim's place. The grain is much better than was anticipated, and it is believed there will be from 15 up to 30 bushels per acre. A few fields of barley have been threshed, turning out from 30 to 40 bushels to the acre. No wheat has yet been threshed. The yield this year will nearly if not quite equal that of two years ago.

CITY COUNCIL PROCEEDINGS.

The Council met in regular session, Beaudry in the chair.

Present—Councilmen Waldron, Huber, Kuhrt, Teed, Workman, Leahy, Gerkens, Sotelo, Campbell, Mullaly and Wolfskill—a full Board.

The minutes of the previous meeting were read and approved.

The Committee on Zanja reported favorably on the petition of Louis Wolfskill for changing line of zanja. The Committee on Lands reported favorably on the petition of Isabella Behr for deed to certain property.

Advised Committee on Lands reported adversely on petition of P. Beaudry for deed to lands in lieu of other lands lost by petitioner, but recommended that said tract be placed on the market and sold. A lengthy debate followed on the report, Mr. Sotelo from the Committee disapproving the majority decision and Mr. Beaudry, by permission, making an extensive review of the subject. The report was finally received and recommendations approved.

Petition of Olive A. Williams for removal of line of zanja across her place referred to the Committee on Zanja.

Petition of J. W. Shoemaker for sale of lot 7, block 45, now belonging to the city referred to Committee on Lands.

Petition of W. Barrow repeating request for permission to remove ground from the line of Rock street. Petition granted.

Communication from P. Beaudry relative to lands which he proposed to give for the extension of Temple street from Pearl to Figueroa, and asking prompt action for the construction of necessary bridge across arroyo. Referred to Board of Public Works.

A resolution providing for the sale of certain public lands East of the Los Angeles river, now the property of the city, was submitted. The minimum price was fixed at \$100 for tract of 2.09 acres.

A contract with B. C. Truman, of the Star, for publishing the city ordinances and resolutions in English and Spanish was submitted and approved.

The City Attorney was instructed to draft a bond in the sum of \$500 to be filed by the contractor.

Mr. Teed stated that Engine No. 1 needs to be repainted and revarnished, and he moved that said engine be relieved from duty for three days (Monday, Tuesday and Wednesday) except in an unusual emergency. Carried.

The same privilege was granted to Engine No. 2, time of relief to be alternate with that previously specified.

Mr. Workman moved that an ordinance be drafted with the following provisions: The City Assessor may collect the taxes on personal property, when such taxes are not a lien upon real property at the time of making the assessment, or at any time between the first day of April and the first day of September; and he shall receive four per cent of the amount of taxes so collected by him. The Assessor shall be governed as to the amount of taxes to be by him collected on personal property by the rate of the previous year.

Messrs. Workman, Gerkens and Kuhrt were appointed a committee to act in conjunction with the City Attorney in drafting an ordinance.

Application of J. Lupp for appointment as Health Officer submitted. The Council proceeded to consider all applications of the same kind, with recommendations, petitions, etc.

Dr. McKee was nominated, as also Dr. Lindley, Dr. Lupp and Dr. K. D. Wise.

Dr. McKee was elected on the second ballot. The salary was fixed at \$75 per month for three months, said officer being required to vaccinate all applicants free.

The Doctor was instructed to order repairs on jail, was submitted and ordered paid under suspension of rules.

The City Surveyor was instructed to make assessments for widening of San Fernando street.

Adjourned.

Passengers Coming.

The following passengers left San Francisco yesterday at 9 A. M. per steamer Sanator for Los Angeles: Mrs. Glassell, Mrs. Smalley, Geo. Dunham, J. W. Whitlatch, S. Brook, G. H. Fox, J. Evans, Miss Riley, P. McDermit, H. Glassell, J. Brenizer, N. C. Fassett, O. D. Yue, J. W. Steller, A. Sanfear, O. F. Webb, R. Besonett, Mrs. Murray, Mrs. A. Davis.

There is some loose talk floating about on the newspaper air that upon the completion of the Southern Pacific Railroad of Los Angeles the steamer lines plying between San Francisco and the lower ports will reduce their rates to \$10 per passenger. If they do it will be the result of competition, for which the people will elevate themselves on end and call the rivals blest.—Press.

As an item of interest to our horsemen we would inform them that Hinds, the driver of "Gold Note" at Sacramento, who was displaced by James Tennent, has been ruled off the track for life. That rules him off from all tracks. The Committee were satisfied that a job was put up to make Gold Note lose the race, and that the tug was severed for that purpose, and in such event have rendered this decision.

Mr. McCaw is winning laurels from his customers by his general fair dealing and good judgment in getting them to invest in stocks by which they make quick returns and handsome profits, from very small investments. He now offers special inducements which are well worthy of our readers' careful attention. Call on Mr. McCaw and receive explanation of his new method in mining stocks.

Messrs. Maag, Faber and Strohm are the committee of arrangements for the Turner picnic at Santa Monica on Sunday. Under their active management we expect a lively time and we are certain Col. Crawford will aid them to the extent of his powers.

The soap war still continues between the Santa Barbara and San Diego press, and here is the last onslaught of the former: If the Press folks don't keep clean, it won't be the fault of Sprout & Padlock, who sent to our office this morning an entire box of their good soap. We suppose this will rip up the mind of that San Diego editor again, but it can't be helped. An editor who, when he gets a box of soap, don't know what it is, and eats it, can't be reasoned with.

Things of Beauty.

Mr. L. W. Thatcher, the popular jeweler, has just returned from San Francisco with a stock of watches, chains, pins, earrings, and other articles in the jewelry line that will delight the lovers of the rich and beautiful. A part of the assortment consists of several grades of the celebrated international watch which, for time durability and superb finish are equal to the finest Howard. One set of earrings contain each a six carat diamond of the first water set in black enamel gold shells. The chains are of the newest and most beautiful pattern. The assortment of canes is large and varied. We advise our lady friends to drop in at Thatcher's and look at the dazzling beauties which the gentlemanly proprietor and his accommodating assistants will be pleased to show them.

The Santa Barbara Press has the following: A man from Los Angeles Francisco Bonio by name, was seen on the wharf this morning, valise in hand, walking about as if uncertain which way to go. An expressman went to him and offered to take him to any place he wished, but he hurriedly excused himself, saying he only wished to go to a place near the old wharf, and strode away. The next seen of him was as he was being pulled out of the water by Charley Lidby and Dick Jenkins, into which, it is said, he had voluntarily precipitated himself, evidently intending to commit suicide. Constable Rosenberg then took him in charge, and as he came up State street the man was recognized by his brother, who had him conveyed to his residence. Severe and long-continued illness is the cause attributed for the rash act.

Stockholders' Meeting.

A MEETING of the stockholders of the LOS ANGELES MUTUAL BUILDING AND LOAN ASSOCIATION will be held on Thursday, June 15th, at 8 o'clock P. M., at the store of Strauss & Co., under the Grand Central Hotel, to adopt a code of By-Laws for the government of said corporation and its officers, and to transact such other business as may be properly brought before the meeting.

E. T. LU GAR, Secretary.

LOS ANGELES, May 15th, 1876.

Stock subscription books are now open at the Los Angeles County Bank Straus & Co., and at C. A. Bonesteel & Co's.

HOURS—9 A. M. to 5 P. M., and 7 to 9 P. M., at his office, rooms 12 and 13 Temple Block. Can be found at all other hours at his residence, Fort street, second floor west of Temple street.

Answers calls at all times, day or night.

NEW ADVERTISEMENTS.

STOCKS!

Profits Guaranteed!

NO LOSSES!

Those who have made more losses than profits heretofore may have an opportunity of dealing in stocks with a certainty of profits never before offered.

ORIGINAL.

From this date we propose to those who will invest sums ranging from \$100 and upwards in stock privileges that we will receive their orders and guarantee them profits and against any loss whatever, no matter how high or low the market will go, from \$100 to \$100,000.

The higher the market goes, and the larger the fluctuations, the greater the profit to the customer and ourselves.

We make our interest identical with our customers', which is the opposite of the old method.

To those who invest small sums ranging under \$100 we will sign contracts as close as possible to the market prices, having reduced our distances from 25 to 50 per cent.

These distances will be signed for 10, 20 or 30 days, at the option of purchaser, and as laid down in our circular. Circular sent to any address free of charge.

We charge \$1 per share for 10 days, \$2 for 20 days and \$3 for 30 days.

We refer to our numerous customers, who will be pleased to testify as to our fair dealing.

REASONS WHY
THE
REMINGTON FAMILY SEWING
MACHINES
Are Superior to All Others.
FIRST—THEIR SIMPLICITY.
The use of them is very easily acquired, and any girl of ordinary intelligence is capable of
keeping them in order.
SECOND—THE CONSTRUCTION
of the Machine is such that it may be run at a
higher rate of speed than any other Sewing Ma-
chine now in the market. In factories where
the rate of speed has been registered, over
1,000 stitches per Minute
have been attained with ease.
THIRD—THEIR DURABILITY
being so strong in all their parts and fitted
with great mechanical nicety, and being free
from the harsh jarring movements and fric-
tion so common in inferior machines they
will wear a long time without repair of any
kind.
FOURTH—THEIR ADAPTABILITY.
By a simple change of the needle and thread
they will sew the finest cambric or the heavy-
est leather.
FIFTH—THEY HAVE NO ROTARY CAMS,
Cog-wheels or lever arms to make a noise, run
hard, or to get out of order.
SIXTH—THEY HAVE AN ADJUSTABLE
Feed which may be raised or lowered at pleas-
ure.
SEVENTH—ALL THEIR MOVEMENTS
are positive and they cannot be thrown out of
time.
Manufactured by the Largest Manufacturing
company in America, possessing a world-
wide reputation in the manufacture of their
instruments, they afford a guarantee of perfect
work and construction.
No other sewing machine has ever been in-
troduced so quickly and met with such rapid
sale as this.

REMINGTON
It arouses the jealousy, opposition and per-
sistent misrepresentation of the older Sewing
Machine Companies through their agents,
and even the old Singer Company, through
its agents devote the largest part of its ad-
vertisements to show that it is not an improved
Singer, and that its calculations are upon
falsehoods.
"With malice toward none and charity for
all," it will be the aim of the agent of the
Remington Sewing Machine
to afford to all an opportunity of testing
merits with those of any other, and let them
make their own selection.
